X-ray Fee Notice Update for Stored Units and Fee Chart

As of January 1, 2009, all X-ray units that are designated as **stored or not in use** on your registration will be billed in accordance to 15A NCAC 11 .1105. Fees are determined based on the facility and number of X-ray units that each facility possesses.

If you dispose of or remove the unit(s) that are not in use from your registration prior to July 1, you will not be billed for these machines.

When disposing or removing the equipment, please use your Notification of Registration to notify the Radiation Protection Section of the disposition of the X-ray units. You are required to provide the name, address and phone number to whom the equipment has been transferred.

Effective July 1, 2009 the following fees were mandated by the NC General Assembly and signed into law by Governor Perdue on August 7, 2009 due to NC budget shortfall.
